PHOTOGRAPHY

In order to fully comply with school's safeguarding policies, we recommend that a member of staff should be present at all times during our visit - this is also beneficial for identifying and protecting against the taking of photos of children whose parents/guardians have expressed not to have pictures taken of their child.

By utilising our services we reserve the right to use the pictures we have taken in our own promotional work and portfolios that may be published on service websites owned by Be Inspired Media & Education Ltd. We will always remove any photograph, with priority, from our materials if asked to do so by the school - this should be done in

writing (email).

We keep Raw photographs from our photoshoots on our own private disks for a maximum period of 24 months, after which they will be permanently deleted. We only keep final processed images as delivered to our clients for our own promotional use.
